Additional Information About This Loan

Loan Disclosures

Assumption

If you sell or transfer this property to another person, your lender

- ☐ will allow, under certain conditions, this person to assume this loan on the original terms.
- ☐ will not allow assumption of this loan.

Demand Feature

Your loan

- ☐ has a demand feature, which permits your lender to require early repayment of the loan. You should review your note for details.
- ☐ does not have a demand feature.

Late Payment

If your payment is more than 15 days late, your lender will charge a late fee of 5% of the monthly principal and interest payment.

Negative Amortization (Increase in Loan Amount)

Under your loan terms, you

- ☐ are scheduled to make monthly payments that do not pay all of the interest due that month. As a result, your loan amount will increase (negatively amortize), and your loan amount will likely become larger than your original loan amount. Increases in your loan amount lower the equity you have in this property.
- ☐ may have monthly payments that do not pay all of the interest due that month. If you do, your loan amount will increase (negatively amortize), and, as a result, your loan amount may become larger than your original loan amount. Increases in your loan amount lower the equity you have in this property.
- ☐ do not have a negative amortization feature.

Partial Payment

Your lender will

- ☐ accept payments that are less than the full amount due (partial payments). Partial payments will be applied:

- ☐ not accept partial payments.

If this loan is sold, your new lender may have a different policy.

Security Interest

You are granting a security interest in _____

You may lose this property if you do not make your payments or satisfy other obligations for this loan.

Escrow Account

For now, your loan

- ☐ will have an escrow account (also called an “impound” or “trust” account) to pay the property costs listed below. Without an escrow account, you would pay them directly, possibly in one or two large payments a year. Your lender may be liable for penalties and interest for failing to make a payment.

Escrow		
Escrowed Property Costs over Year 1		Estimated total amount over year 1 for your escrowed property costs:
Non-Escrowed Property Costs over Year 1		Estimated total amount over year 1 for your non-escrowed property costs: You may have other property costs.
Initial Payment		A cushion for the escrow account you pay at closing. See Section G on page 2.
Monthly Payment		The amount included in your total monthly payment.

- ☐ will not have an escrow account because ☐ you declined it ☐ your lender does not require or offer one. You must directly pay your property costs, such as taxes and homeowner’s insurance. Contact your lender to ask if your loan can have an escrow account.

No Escrow		
Estimated Property Costs over Year 1		Estimated total amount over year 1. You must pay these costs directly, possibly in one or two large payments a year.
Escrow Waiver Fee		

In the future,

Your property costs may change and, as a result, your escrow payment may change. You may be able to cancel your escrow account, but if you do, you must pay your property costs directly. If you fail to pay your property taxes, your state or local government may (1) impose fines and penalties or (2) place a tax lien on this property. If you fail to pay any of your property costs, your lender may (1) add the amounts to your loan balance, (2) add an escrow account to your loan, or (3) require you to pay for property insurance that the lender buys on your behalf, which likely would cost more and provide fewer benefits than what you could buy on your own.

Loan Calculations

Total of Payments. Total you will have paid after you make all payments of principal, interest, mortgage insurance, and loan costs, as scheduled.

Finance Charge. The dollar amount the loan will cost you.

Amount Financed. The loan amount available after paying your upfront finance charge.

Annual Percentage Rate (APR). Your costs over the loan term expressed as a rate. This is not your interest rate.

Total Interest Percentage (TIP). The total amount of interest that you will pay over the loan term as a percentage of your loan amount.

Approximate Cost of Funds (ACF). The approximate cost of the funds used to make this loan. This is not a direct cost to you.

Questions? If you have questions about the loan terms and costs on this form, contact your lender. To get more information or make a complaint, contact the Consumer Financial Protection Bureau at www.consumerfinance.gov/learnmore.

Other Disclosures

Appraisal

If the property was appraised for your loan, your lender is required to give you a copy at no additional cost at least 3 days before closing. If you have not yet received it, please contact your lender at the information listed below.

Contract Details

See your note and security instrument for information about

- what happens if you fail to make your payments,
- what is a default on the loan,
- situations in which your lender can require early repayment of the loan, and
- the rules for making payments before they are due.

Liability after Foreclosure

If your lender forecloses on this property and the foreclosure does not cover the amount of unpaid balance on this loan,

- ☐ state law may protect you from liability for the unpaid balance. If you refinance or take on any additional debt on this property, you may lose this protection and be liable for debt remaining after the foreclosure. You may want to consult a lawyer for more information.
- ☐ state law does not protect you from liability for the unpaid balance.

Refinance

Refinancing this loan will depend on your future financial situation, the property value, and market conditions. You may not be able to refinance this loan.

Tax Deductions

If you borrow more than this property is worth, the interest on the loan amount above this property's fair market value is not deductible from your federal income taxes. You should consult a tax advisor for more information.
